## LOCAL PLAN UPDATE *see map previous page*

BDBC has published the first draft of its Spatial Strategy for the new Local Plan. See the *Pubic Reports Pack* in documents for the meeting of BDBC's Environment and Infrastructure Committee of Thursday 04 September:

<https://democracy.basingstoke.gov.uk/ieListDocuments.aspx?MId=2756&x=1>

Very good news that, at this first draft at least, the map shows no allocated development sites locally or across the majority of the Loddon Valley.

To note for Newnham, the 'APPENDIX C: Assessment of settlements' says:

'Newnham comprises scattered dwellings loosely clustered around the village green in the centre of the village. The openness of the village green and the surrounding area is a key characteristic of the village and contributes to the heritage significance of its conservation area (and other heritage assets) and results in a dispersed built form. There is no bus route which serves the settlement directly, and it doesn't have a clear central area or concentration of the built form which the key facilities or services may serve. The main road (Newnham Road) running through the settlement has no pavement. The settlement would not be suitable for an SPB (Settlement Policy Boundary) and should not be included in the settlement hierarchy.'

This again is good news and is consistent with the previous Regulation 18 Draft. For the 2020 Issues & Options consultation, Newnham was assessed differently due to its access to services.

## N Hants Downs Mothers' Union

Mary Sumner, the founder of the Mothers' Union, is remembered each year on August 9th. In this diocese, members celebrated with a special service in St Mary's Church in Old Alresford next door to Old Alresford Place where the first Mothers' Union meeting took place.

Mary Sumner's initial idea was just to support the mothers within her own parish, but this small beginning grew into a vision of a fellowship of women, irrespective of class, supporting each other and strengthening their communities.

This was quite a radical idea in Victorian England! This community emphasis can still be seen in today as members tackle some of the most challenging issues that they and their neighbours face.

As a Christian membership charity, we demonstrate our faith in action. This happens as we work towards ending poverty, ending inequality ending injustice. Our members work at grassroots level in 84 countries around the world. They bring hope and practical support to millions of people every year through parenting, literacy and community development programmes.

## FROM THE BENEFICE MINISTRY TEAM

Dear Friends

If you have ever spent any time in France or with

French people you will know that traditionally the French have placed great value on good manners – this particularly includes how to say 'Hello' or 'Goodbye'. When you leave a restaurant or a shop, other diners or other shoppers will often say 'Au Revoir Monsieur/Madame' when you make your way to the door.

In the UK, we are much less attentive to these moments of transition. Some people are really good at saying 'Goodbye'. They know exactly what to say to or to do and the moment passes well and comfortably. But many can feel awkward and can struggle to know what to say. Some simply want to leave quietly. Others want to run away as quickly as possible.

Saying 'Goodbye' can be a celebration of good things that have happened. It can mark the end of a lovely evening with friends and family. It can mark the end of a holiday or a school year or the end of a job. It can mark moving house to another part of the country or even the death of a loved one. It can also mark the beginning of new opportunities or possibilities.

In many ways saying 'Goodbye' marks some sort of bereavement – an ending or the closing of a chapter. The more important the chapter in

our lives, the more significant the bereavement.

Bereavement can involve a sense of loss, failure, confusion, anger or resignation before a new way of being starts to emerge.

St Paul, the writer of so many of the *New Testament* letters excelled at saying 'Goodbye'. Often the whole last chapter of his letters was dedicated to greetings, to saying thank you, to looking ahead to the future, and prayer for the glory of God and the extension of his kingdom.

Saying 'Goodbye' well can be really important. Not least because it enables us to make space for the future. Tip 7 of the book, *Seven Helpful Tips for Saying Goodbye*, says that '... saying goodbye well helps us to fully say hello to the New Thing'.

The Christian faith is very much an Easter faith – a faith of new beginnings – a faith of letting go of the old and taking hold of the new.

This Autumn, Gary and I will be saying goodbye to the North Hampshire Downs Benefice. We will undoubtedly feel the sadness of the letting go and at times may struggle to know what to say. But at the same time we will be praying for new possibilities and opportunities for those who fill the space we leave behind in North Hampshire - for resurrection and for new life, to the glory of God and the extension of his kingdom.

*Yours in the service of Christ Jesus*

*Gillian*

Revd Gillian Wilton, Vicar of Long Sutton & South Warnborough.

## MESSY CHURCH

Before Covid there were several Messy Church events across the benefice, including at least one or two at St Swithun's in association with Miller's Ark. Generally they didn't restart after Covid, though there are now weekly *More4Kids* and *More4Youth* clubs at Odiham.

But, earlier this year, monthly Messy Church sessions began in Upton Grey. It has now been clarified that they are for children anywhere in the benefice – the more the merrier!

For school years R to 6.**

## ELECTORAL REGISTER

### A guide to the household canvass for 2025

[www.basingstoke.gov.uk/canvass](http://www.basingstoke.gov.uk/canvass)

From August to November, BDBC conducts its annual canvass of properties within the borough.

This is to ensure the Electoral Register is accurate and up to date. A revised register will be published on 01 December 2025.

The Electoral Registration Officer (ERO) is required to follow the process as set out in law.

### How the process works...

#### STEP 1 DATA MATCHING

In July, the Electoral Register was sent to the Department for Work and Pensions (DWP) to be matched against their records. The name and address of each elector is verified against National Insurance databases and information held by DWP. The ERO has the discretion to use local data (such as Council Tax) to perform a matching exercise.

**If all the registered electors at a property can be matched, the property will be assigned to 'Route 1' canvass.**

**If there are any electors at a property who cannot be matched, or the property is empty, the property will be assigned to 'Route 2' canvass.**

(‘Route 3’ canvass is for care homes, nursing homes and other properties with a duty manager.)

#### STEP 2 CONTACTING YOU

##### ‘Route 1’ Canvass

For Route 1, if you've registered an email address with BDBC Electoral Services, on 19 August you will have received an email with a link to your property details on the 'household response' website.

The email will include two security codes, needed along with your postcode, to access the site. You can respond online up to 10 September to confirm or change the details BDBC hold for the property. But if you add a new person to the property, they must complete their own registration. They can register to vote online at the Government website or call BDBC, 01256 845467.

If you have received an email but not responded online by 10 Sept, a paper form will be automatically generated. If BDBC doesn't hold your email address, they will as a matter of course send a paper form with the current elector details listed. All paper forms for Route 1 will be dispatched on 22 September.

If the information on the hard copy form is correct, you don't need to do anything more. To make changes, use the security codes on the form to access the household response website (as procedure outlined above

for email contact) – or complete the paper form and return it to Electoral Services, Civic Offices, London Road, B/stoke RG21 4AH.

#### STEP 2: CONTACTING YOU

##### ‘Route 2’ Canvass

For those on the 'Route 2' canvass there isn't an option to receive the form via email. You'll receive a form in the post – dispatched by BDBC on 27 August – with steps to follow as for Route 1 above.

Again you can respond online at [www.householdresponse.com/basingstoke](http://www.householdresponse.com/basingstoke) or complete and return the paper form. To note, the return envelopes will be addressed to BDBC partners Civica Election Services, London, N81 1ER.

For 'Route 2' canvass you need to respond even if there are no changes. If you've not submitted a response by 22 September, a reminder letter and form will be sent on 30 September. You then have until 15 October to reply.

For any forms still outstanding, BDBC 'Canvassers' will visit at some time between 17 October and 28 November – they will have a clear Basingstoke & Deane ID badge. There is then the option to respond online or directly to the Canvasser.

It is a legal requirement for properties in Route 2 to respond to the annual canvass.

## SEPTEMBER – EVEN MORE HAPPENING AT YOUR LOCAL U3A!

Last year was definitely one to remember! We increased the number of groups to nearly 75, a 20% increase as our membership rose to over 840. We introduced two new areas for us, Modern Languages and Group Events.

Looking forward we are hoping to develop another new area, Health and Wellbeing as well as welcoming even more new groups such as Chess and Flower Arranging.

Our annual Members' Open Day, in August was incredibly popular. Hundreds of our members, plus many of their friends, made their way to Robert May's School where more than 60 groups exhibited, explaining what makes their group special. As usual the stars of the show were the refreshments – the delicious cakes, the welcoming atmosphere and the easy chatter of members coming together for a catch-up!

And so to September... As all our activity groups rev up for action, our first monthly meeting, September 3rd, is a talk by author Philip Caine – Barrow to Baghdad & Back Again. Philip explains how he came to write his factitious adventure / thriller novels (currently 7) all inspired by his ten years in the Middle East. Our guest talks take place on the first Wednesday of the month at the Cross Barn in Odiham.
